Etana Custody

In order to withdraw funds via Etana, you must first onboard with Etana Custody. If you have not done so yet, please follow the steps below

- Navigate to Funding
- Select "Show all assets" on the account balances table
- Select "Deposit" for the relevant currency
- Choose "Etana Custody" and follow the onboarding instructions

To add an account for withdrawals, click "Add account" below and fill in the required details. After you've added the account, simply select it and enter the amount you wish to withdraw.

- You cannot exceed your daily or monthly funding limits.
- Fees listed concern only the withdrawal from your Kraken account to Etana.
